

Admission and Registration

A student can be admitted to Year 1 (0. Klasse) the year the child turns 6.

Due to the planning of the academic year, we urge parents to register their children in due time before the school year starts in August. When you register your child at Sønderborg International School, you will be charged a registration fee of DKK 600. This is a one-off payment and it is non-refundable.

School Fees

School fees must be paid 11 times per school year for each child + one extra school fee of DKK 1.725 per family in July. The school offers a siblings discount of DKK 172,50 per month as of child number 3 and onwards.

Withdrawal

Withdrawal must be informed in writing or a personal approach to the headmaster by the parents. Please notice that you must notify the school one month in advance of the last day of school. School fees apply to the final month and the following month.

School Fee Subsidies

Each school year the Ministry of Education provides a limited sum of money as a subsidy for the school fees. This sum is allocated to the families based on their applications and the total income of the household.

The application forms for the school fee subsidies can be picked up at the school administration office and/or downloaded directly from our homepage/parent intra in August.
